

# STOP VACCINE MANDATES & VACCINE PASSPORTS NOW

**THE PROPOSED LAWS CALLED HB305 AND SB222 HAVE BEEN PROPOSED IN THE FLORIDA LEGISLATURE RIGHT NOW AND THEY WILL PREVENT VACCINE PASSPORTS FROM EVER BECOMING REALITY IN THE GREAT STATE OF FLORIDA**

## **What Will HB305/SB222 Do For Florida?**

- HB305/SB222 is **Civil Rights Legislation** that prevents discrimination against Florida citizens based on their vaccination or immunity status.
- Right now, hospitals, schools, government offices, and private businesses are routinely discriminating against honest and innocent Floridians based on whether or not they have been vaccinated. This is wrong, and HB305/SB222 prevents that.
- These bills ensure that so called “Vaccine Passports” never become reality in Florida and protects you from a social credit system (like they have in China).
- These bills prevent your private health data from being handed over to the Federal Government which protects your civil rights, your body sovereignty, and ultimately, stops mandatory surveillance on your health status from Big Government!
- Big Pharma (like Pfizer, Moderna, AstraZeneca, and GlaxoSmithKline) do not want these bills to become law because they make billions by using government to force you to take the vaccines they manufacture. On the contrary, these bills are supported by: *Health Freedom Florida, Children’s Health Defense, Stand for Health Freedom, Health Freedom Institute, Florida Moms for America, Women Impacting the Nation, Health Freedom Defense, Freedom Keepers, and nearly all advocates of Freedom and Body Sovereignty!*
